Prizes For Three Local Fair Entries

Morse Block Prints Take First Prize In Art Division At Pomona

Of the three Sierra Madre entries at the county fair, at Pomona, all have been awarded prizes, it was ascertained this week.

Miss Lillian Kennedy, of 266 Wilson, who was awarded the cup for her chickens which she entered in the Junior division of the Fair last year, gained even more honor this season. She was presented with a gold medal for four buff orpington hens entered in competition, while all of the rest of the entire eight birds exhibited won secondary prizes, three of the Rhode Island Reds taking second place and one taking third.

Though Fair officials announced that Vernon Jay Morse, prominent Sierra Madre artist, has been recognized with a first place medal for his block prints, no official notification has been received by him as yet. Morse, who has a collection of linoleum prints on exhibit at the City Hall here at the present time, is well versed not only in print making, but in oil painting, water color and pencil work as well. His Fair exhibition has called forth much comment from both critics and artistic visitors on the Pomona grounds.

Repeating her 1932 achievement, Mrs. Samuel Mercer, of 258 Adams street, won second award for her braided rug work. The design, judges commented in giving the prize, displayed great artistic skill as well as exceptional talent in the handicraft.

Church Program Of Social Session

The members and friends of the Congregational Church will meet for the Fall work with a social evening on Friday of this week at the church. The committee in charge has arranged a unique program in the church.

Ethel Elliott Swan will read "Padre Ignacio," by Owen Miller. The musical arrangement was composed by Mrs. Myrtle McMullen Hill and will be played by her. After the reading a social hour will be spent in the ladies' parlor. The committee extends a cordial invitation to all members and friends of the church.

September 30 is Rally Sunday at the Congregational Church. Edwin W. Ward, Jr., superintendent of the Sunday School, reports a general gathering of the school at 9:30. Classes will be promoted, Bibles will be given to the primary graduates and a rally talk will be given by the pastor. At the church service at 11, the pastor will preach on "Loyalty—As Need, Its Value."

81st Birthday Of Rancher Brings 20 Descendants Here

Albert Gregory, forman of the Hastings Ranch on Sierra Madre avenue for many years, spent the most enjoyable day of the year Sunday celebrating his 81st birthday surrounded by twenty of his grandchildren and great-grandchildren. Although his birthday was not until Tuesday, many relatives visited him on the weekend. Still others were present for dinner and supper Tuesday.

Having come to California in 1884, Mr. Gregory is hale and hearty, still putting in hours of out-of-door work on the ranch daily. He has missed scarcely a day's work in the 50 years he has worked on the ranch here, and attributes his well being to the beautiful climate and year around sunshine of Sierra Madre.

Local Youths May Enroll in CCC Camps

Local youths wishing to be included in the limited number of CCC enrollments allowed Los Angeles county in the new conscription beginning October 1, are advised to make application immediately at the department headquarters at 434 South San Pedro street, Los Angeles. All unmarried young men between 18 and 25, with dependents, are eligible for work in the conservation camps.

Motorists Block Path Of Firemen

Race To Grand View Avenue Blaze And Clog The Thoroughfare

If Monday afternoon's fire siren had portended a serious blaze, instead of merely a small one, the situation would have been extremely serious because of the thoughtlessness of a great number of local automobile drivers.

Both Fire Chief W. D. Richards and Chief of Police Gordon McMillan are very anxious that the public realize this fact. They state that Monday many of the volunteer firemen were unable to reach the scene of the fire, because of the line of traffic blocking the streets back of the fire truck.

Officer Harlan Gerlach's police car was delayed for several blocks by a careless, thoughtless, automobile owner, and he was forced to give the offender a traffic ticket.

"Often in the past," Chief McMillan states, "the police department has requested that no one attempt to race after the fire trucks when they hear the alarm given. But there still seems to be many heedless persons who fail to realize the seriousness of their offense."

"Every volunteer fireman has to depend on his automobile to get to a fire, and when there are many curiosity seekers blocking his path, he is, of course, seriously handicapped in trying to carry out his duty."

As for the fire itself—much was ado about practically nothing when the department was summoned to the home of M. L. Murray, at 635 West Grand View avenue, to extinguish a radio set.

Comic strips have depicted irate radio listeners tossing their sets out of windows, destroying them with an axe, etc. But no cartoonist thought that hot jazz might one day short circuit a radio receiver, threaten a home with destruction and bring out a fire engine.

It was the first fire since a minor blaze here June 21.

Hub Freeman Pioneer Here, Passes Away

Veteran Newspaperman Had Been An Invalid For Thirty Years

Edwin Herbert (Hub) Freeman, 82, pioneer newspaperman of Southern California, and a resident of Sierra Madre for more than fifty years, passed away at the Los Angeles General Hospital September 14th.

Mr. Freeman was born in Hudson, Wisconsin, the son of Albert and Sophia Freeman. In his twenties he was editor of the Hudson News, and one of the associates of James J. Hill, who at that time owned a controlling interest in the St. Paul Pioneer Press in St. Paul, Minn.

Mr. Freeman's father built the first house in Sierra Madre more than fifty years ago. This is the old Norval MacGregor home on Esperanza street, now occupied by City Business Manager Al S. Myers.

The deceased came to California in 1882 and immediately settled in Sierra Madre with his father, mother, wife and young son, all of whom sleep with "Hub" in the Sierra Madre cemetery.

For many years Mr. Freeman was in business in Los Angeles as a printer and publisher. He was a close associate of the late General Otis, founder of the Los Angeles Times, and at one time was offered a partnership by the General for \$7,500.

A cripple for more than 30 years in Sierra Madre, "Hub" was known to everyone for his cheerfulness, for his Catholic charity, and for the fine example of integrity he gave.

Dr. W. D. Ogg, former pastor of the Bethany Church in a very beautiful eulogy, gave for his subject the flowered symbol of "30," which is the newspaper word for the "End of the Copy." He brought forcibly to mind what "30" means to us all, and the beauty of the passing of a fine old veteran newspaperman.

"Hub" Freeman was a charter member of the Los Angeles Al Malaika, and a member of the Knights Templar.

Sierra Madre Fire Department acted as escort and pallbearers at the funeral Monday afternoon. There are no surviving relatives.

Jury Holds Death Of Mrs. Flekal Due To An Accident

Funeral services were conducted Saturday afternoon at Grant's Parlors for Mrs. Helen Flekal, of Sierra Madre, who was killed last Wednesday in an automobile accident near Saugus on the Ridge Route.

The accident occurred when the automobile, driven by Charles Flekal of Bakersfield, Mrs. Flekal's son, collided with a truck carrying race horses from Sacramento to the county fair in Pomona. The truck, driven by Merrill Silva, of Sacramento, overturned, killing one thoroughbred horse and slightly injuring the driver and his passenger. An inquest was held at San Fernando and the jury returned a verdict of accidental death.

Program At PTA Meeting Pleases Many

Varied Entertainment Provided At Association's First Session

The first fall meeting of the Sierra Madre Parent-Teachers' Association, held at the school auditorium on Wednesday evening, was not only instruction but entertaining to the large audience. Two one-act plays directed by Gilbert Sommer with local players, a talk by Courtney Mosen, secretary of the Pasadena Board of Education, and selections by the Mothers' Chorus constituted the pleasing and varied program. Refreshments served later in the cafeteria promoted sociability.

Mr. Mosen discussed the importance of adult education under present chaotic conditions and emphasized the necessity of parents and teachers informing themselves fully regarding educational affairs in anticipation of threatened opposition at the next session of the legislature.

The meeting was called to order by Mrs. Body Keith, the new PTA president, who then entertained a motion that all routine business be dispensed with and the full time devoted to the program. The meeting was opened with a salute to the flag by Mrs. Leila Embree. The meeting was then turned over to Mrs. Harold Roberts, chairman of the program committee. Mrs. Keith announced the personnel of the PTA board and expressed appreciation of the splendid cooperation which its members are giving her.

Miss Elizabeth Steinberger, principal of the Sierra Madre Grammar School, gave the welcome address in which she likened the P.T.A. to a beacon light which helped guide the teachers in their work. The members of the faculty were then introduced.

The Mothers' Chorus, under the direction of Mrs. Myrtle Hill, sang two numbers and graciously responded to an encore.

The first play, entitled, "The Noblest Work of God," included in the cast, Gilbert Sommer, director; Miss Treva Scott, and Percy Kortkamp, all Sierra Madre players of exceptional ability. Mr. Sommer devoted a great deal of time to this presentation and the manner in which it was received by the audience testified to the success of his efforts. The dramatic fame of both Mr. Sommer and Miss Scott extends beyond this immediate community.

The second play, "Princess Liz," included Mr. Sommer, Mr. Kortkamp and Bob Ward in the cast. It was a farce comedy, which proved amusing, especially to the younger members of the audience.

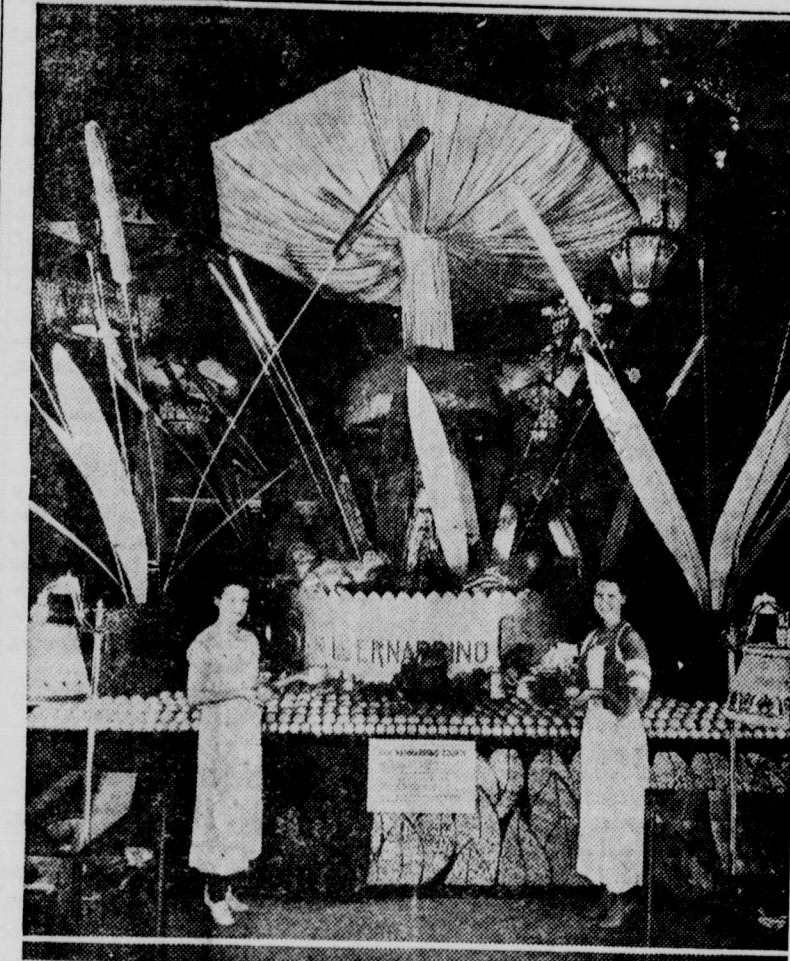

Mrs. Rudolph Hartman and Mrs. Al Myers presided over the punch bowls in the cafeteria.

Bethany Church To Picnic In Park At Alhambra Tomorrow

Bethany Church Bible School will hold a picnic at Alhambra Park tomorrow, all members of the church and school being cordially invited by Rev. Stewart Sheriff.

Special automobiles and trucks will leave Bethany Church Saturday morning at 9 o'clock, all church members not having means of transportation being welcome to the use of the car space available. Lunch is to be served at the park at noon, and in the ensuing period four exhibition baseball games will be played and other entertainment features will be presented. Cars will start back to Sierra Madre beginning at 4 o'clock in the afternoon.

A STRIKING EXHIBIT AT THE GREATEST OF COUNTY FAIRS

One of the most striking of the many magnificent feature displays at Los Angeles County Fair which opened in Pomona Saturday and continues through Sunday, September 30, is the entry by San Bernardino County and the National Orange Show. Unique in its design and colorful in its effect, the exhibit shows a bit of a bank of a fairy pool with a giant toad stool surrounded by huge cat tails and all in glittering colors. About the display are cases containing samples of the great diversity of minerals to be found in the county.

Establishing a new record for attendance, number and variety of exhibits and beauty of displays, the 13th annual Los Angeles County Fair combined with Riverside and Orange county fairs, has reached its half way mark. Already it is assured that the attendance will surpass the half million goal placed by the officials earlier in the year.

The thousands who have poured through the gates thus far have marveled at the size and completeness of the exposition. They have gazed in admiration at the gorgeous decorations, the magnificent landscape effects and the cleanliness of it all. Every one of the score or more of major departments of the fair is larger than it has ever been before. This is notably true of the livestock department, the domestic arts department, the junior fair, machinery division, school exhibits and agricultural section.

The poultry show which closes Saturday night, to be replaced by the rabbit and pigeon show, is the largest west of the Rockies this year. The night horse show will be replaced on Saturday night by a series of sensational night programs in front of the grandstand. These will be headed by the thrilling Roman chariot races, automobile races, motorcycle races, gorgeous fireworks and many other features.

Interest is also added to the final half of the exposition by milking, churning and farmerette contests which will be held the latter part of the fair.

Bullet Halts Raids On Local Pools By Giant Kingfisher

A feathered marauder with a palate delicately attuned for gold fish swooped down on several Sierra Madre fishponds during the week, until at last, with a pouch comfortably full of the delicacy, he was shot down by an irked gold fish owner.

First seen Saturday afternoon by Emil Sturmtal when he made a power dive at the Sturmtal pond on South Hermosa avenue, a giant kingfisher—a bird unfamiliar to this region—visited yard after yard, hungrily. He stole several fish from Victor Hill's pond on South Lima street. Hill was unable to get a bead on him with his gun, so undisturbed he proceeded to Charles Bodine's house—where a well placed bullet ended his thievery.

Kiwanians To Hold Annual Election Tuesday October 2

Ballots were issued to Kiwanis Club members at Tuesday noon's meeting for the annual vote on the organization's nine new directors. Dr. John Woehler, Waverly Pratt and Frank Spencer were appointed election officers, and votes will be officially counted at the first meeting next month, on Tuesday, October 2. The 1935 Kiwanis president, to succeed William Middough, will be chosen from among the newly elected board.

Charles B. Klunk and Captain E. G. Everett were named by President William Middough as the local delegates to the California-Nevada district convention to be held in San Diego October 18, 19 and 20.

In the absence of the speaker scheduled to appear for the Constitution Week observance program, Rev. Arthur O. Pritchard, Dr. John Woehler, and William Middough made short impromptu talks urging Kiwanians to never lose sight of the import and the historical significance of the constitution.

Forest Supervisor To Address Meeting On Fire Prevention

William Mendenhall, Supervisor of the Angelus National Forest, will be the guest speaker on a forest conservation program presented at the City Hall Monday night by local citizens, who in cooperation with the Volunteer Fire Department and the Federal Forest Service are working toward an increased public appreciation of fire prevention problems. City Business Manager Al S. Myers will introduce the speaker.

At last Thursday night's meeting, over which Colonel H. B. Hersey presided as temporary chairman, it was decided to form a permanent conservation organization here. Further discussion will take place Monday. Motion pictures of the New Years Day flood destruction, and of the local spreading grounds and flood control system, will be screened by a representative of the county flood control department.

Sinclair Forces Reorganize Local Democratic Club

Plans to carry forward the campaign for Upton Sinclair and other Democratic nominees were formulated at a reorganization meeting of the local Democratic Club at the City Hall on Tuesday evening.

Mrs. W. B. Corum was elected chairman of the organization, and announcement was made that the club will continue to meet every Tuesday evening at 8 o'clock at the City Hall. Harold Carey acted as temporary chairman and introduced recently elected members of the Democratic county committee, including Mrs. Agnes B. Tyree, Alan Thompson and John H. Osgood, Jr., of this city.

The meeting was addressed by Willard Harper, of Sierra Madre, and by W. E. Winebrenner, a Los Angeles business man. Mr. Winebrenner, the chief speaker of the evening, gave an address on present day economic ills.

Relief Acts Of Assembly Win Praise

Representative Says Brief Session Of Legislature Accomplished Much

The special session of the State Legislature accomplished much for relief of numerous groups of the people of California, in the opinion of Assemblyman Frank C. Martin, who represented this Forty-eighth Assembly District in the special session. Martin feels that his urging upon Governor Rolph and upon Governor Merriam that a special session be called to act upon relief measures, which Governor Merriam when he called the special session, included in his call, has been vindicated. Vast relief will result and the total cost to the State for the entire session will be just about \$6,000, inasmuch as members of the Legislature received nothing but their mileage.

Mr. Martin says that the clash between the S.E.R.A. State representative and the Merriam administration was very unfortunate and regrettable. Governor Merriam and members of the Legislature yielded gracefully, so that the relief might not be jeopardized.

Mr. Martin, in an interview upon his return from Sacramento to his Altadena home, said: "The Legislature gave a large measure of relief to property-owners distressed by mortgages, trust deeds or contracts of sale of real estate. I felt, with a majority of the Assembly, that the moratorium measure which embodied the provisions of the Minnesota law (which was upheld by the United States Supreme Court) was more liberal and a better measure than the other bill, but the Senate would not accept the bill resembling the Minnesota law, therefore we had to accept the other measure."

"As author of the bill for a moratorium on delinquent tax penalties I urged upon the Assembly that this moratorium was one of the best business moves the State of California could make, as it would bring millions of dollars in delinquent taxes into county treasuries all over the State; it would put property which now pays no taxes back upon the tax rolls, and that it would give new hope, added inspiration and renewed courage to thousands of distressed property-owners, large and small, all over the State. This passed both Assembly and Senate by unanimous vote."

"Substantive relief for victims of special assessment burdens is provided in a measure of which Assemblyman Lawrence Cobb, of Los Angeles, was the author. It (Continued on Page Three)

New Flood Control Project Started South Of The City

To insure against the repetition of the New Year's Day flood damage caused by the runoff of storm waters on Sierra Madre avenue, the S.E.R.A. has created a new flood control project in the southern Sierra Madre avenue area.

Today work will commence on a drainage ditch to be excavated on the east side of the highway from Blanche street, in Arcadia, to a point south of Oakdale avenue to prevent undercutting of the pavement. The payroll for the completion of the project will amount to \$1672, according to estimate.

No Decent Trails In Angelus Forest Johnson Informed

The "unwarranted condition" of the foot trails in the Angelus Forest is called forcibly to the attention of Senator Hiram Johnson, in a letter from C. E. Earner, secretary of the Forest Conservation Club. In describing the Southern California mountain paths, the letter of protest states in part:

"There is not one good trail into the forest for a distance of about eight miles from Sierra Madre to Rose street in Altadena. . . . We have traveled over trails where inexperienced hikers have been killed; we have seen thousands of acres burned on mountain slopes; and we have been unable to secure any attention to the rights of the public or the means experienced forest men consider important for fire prevention."

75 New Faces In Grammar School Here

Supervised Playground To Be Permanent Feature Of Local Plant

Although the local grammar school commenced the Fall term Monday, the playground maintained here by the S.E.R.A. will be continued as a worthwhile educational project open to all Sierra Madre children up to junior high school age. Playground activities, including many varieties of healthful games and sports as well as a number of handicrafts such as model boat building and sewing, will be conducted daily between 2:30 and 5 o'clock. Saturdays the grounds are to remain open from 8 a.m. to 5 o'clock.

Miss Elizabeth Steinberger, principal, says the public school registration, totalling 383, is approximately the same as last term. Sixty-eight new pupils enrolled with the opening of school this week and it is expected that additional ones will register in returning from late vacations. The registration at the close of last semester was 373. Seventy-five new pupils have been enrolled to date, 37 of last year's children having transferred to junior high school.

With two exceptions the staff of the school this term is the same as last year, according to Miss Elizabeth Steinberger, principal. Mrs. Gladys Kimball Albright replaces Mrs. Elizabeth Glidden Long as kindergarten teacher, while Miss Claire Newman resumes her duties as B-1 instructress.

Miss Mabel Richter is in charge of A-1 pupils, Mrs. Zada Leonard, B-2, and Miss Betty Newton, A-2; Miss Helen Wones, B-3, Miss Gladys Ballard, A-3; Ruth Taylor Ballard, B-4, Mrs. Yurda Adams, A-4; Mrs. Eva Moore, B-5, and Miss Dorothy Moote replacing Mrs. May Schneeberger at A-5 and B-6 teacher. Miss Moote is assisted by Mrs. Mary Wheeler, who is also in charge of the A-6 class.

Miss Florence Lusted continues as head of the art department, Miss Mary Pfahler is music teacher and head of various musical activities and orchestra, while Mrs. Ellen Coll Barker is school nurse.

Jinx Wins Ball Crown For Pasadena

Sierra Madre Legion Team Up Against Two Bad First Innings

Gloom, deep purple, pervaded Sierra Madre—the first cloud arising at the local ball field last Friday night, when Pasadena swamped the local Legion baseball team by a score of 9 to 1. On Tuesday evening of this week, at Brookside Park, Pasadena tucked away the Legion League pennant for the second consecutive year, by a second victory, score 9 to 5.

In both games, Sierra Madre, in apparent overzealous desire to win, tossed off all chances in the first inning. At Sierra Madre, Pasadena piled up an outstanding lead because of two misjudged fly balls—which turned into home runs, and several costly errors. At Pasadena Sierra Madre again displayed a sort of first-inning haywire allowing six runs, as a result of four hits and two glaring errors.

Last Friday, playing before a yelling, capacity crowd of home-towners and Crown City partisans, the local Soldiers tackled the self-confident visiting team and dropped the first of three scheduled games by a score of (Continued on Page Five)

Celebration Will Mark Completion Of New Mountain Road

The completion of the Angelus Crest Highway to Red Box, a mountain point immediately north and west of Sierra Madre in the back country, will be celebrated October 3 when public ceremonies will be conducted in the Angelus Forest region.

Red Box is a terminus of the Angelus highway from the Antelope Valley, and is the junction of several other roads, including one to Charleton Flats. All of the mountain thoroughfares will ultimately connect with the Big Santa Anita Canyon roadway out of this city.

DUV Tent To Hold Annual Election

ALL members of the Daughters of the Union Veterans of the Civil War are requested to be present at the meeting on September 27, when election and initiations will be held. Plans will also be made for a membership drive. All women in the community, who are eligible to belong to the tent are asked to contact members.

An unusual amount of illness has prevented the tent from doing many things that it had planned for this summer. An interesting fact brought to the attention of the members is that Governor Merriam is a member of a tent in Long Beach, his father having been a Civil War Veteran.

Stand Fast—America!

By Den Walters

LISTEN—America—once more.

To the closing words of Lincoln's speech at Gettysburg!

Standing on the bloodstained ground of that famous battlefield where Americans had sacrificed their lives for the preservation of human liberty—he said—

"We here highly resolve that these dead shall not have died in vain and that government of the people, by the people, for the people shall not perish from the Earth."

That thrilling message still rings sharp and clear. Stand Fast—America!

Take a look, my fellow countrymen, at the world today. Governments have fallen into the hands of despots who have set up bureaus that rule the people with an iron hand. Basic laws of nations have been set aside by official mandates from these autocratic rulers, to serve their own visionary or selfish purposes. In our own country two groups are working separately but with a common end in view—to destroy American traditions, to upset our form of government, to take away from us our heritage of liberty.

Both groups are radical. One group has forgotten and the other group never learned the thrilling history of our nation which Americans were taught. They scorn the sacred beauty of our Flag and all the sacred rights guaranteed to each of us by the Constitution. They seek to besmirch the memory of those thousands of brave Americans who sacrificed their very lives that "Government of the People, By the People and for the People shall not perish from the Earth."

One of these groups is composed of visionaries—obsessed with ideas and experiments in government rule regardless of their relation to the Constitution—the nation's basic law.

The other group makes no secret of its intention to overthrow the government of this country by force and violence.

One opportunity to save America remains to us. Whatever your sentiments, my countrymen, VOTE. You had better realize before it is too late that your enemies and mine—those who would destroy the liberties bequeathed to us by our fathers, those who would curb or even throw entirely overboard our right to own property, to acquire a home, to worship as our conscience dictates, to use our individual talents in a way of our own choosing—these enemies of our priceless heritage of freedom vote to destroy us whenever an opportunity presents itself.

STAND FAST, AMERICA, AND CAST YOUR BALLOTS.

'The Magic Key' Will Be Presented In Pasadena Library

The Sierra Madre Children's Dramatic Guild will stage its successful production of "The Magic Key" in the auditorium of the Pasadena public library during Good Book Week, it was announced by Mrs. Francis Eakman yesterday. provides a moratorium on all payments of principal and interest for one year. I was pleased to support this as I supported all relief measures which were adopted.

"I was pleased to find growing sentiment among members of the Legislature in favor of a well-digested, business-like system of unemployment insurance for California, dovetailing into a federal system, should one be adopted. The special session took action to encourage the enactment of an unemployment insurance measure. The special session also adopted

a strong resolution to Congress urging the enactment of a liberal federal old-age pension law and pledging California to support and cooperate in making such a system successful.

"The special session was a strenuous one, as we held day and night sessions, and Friday night our final session lasted until 2 o'clock in the morning. "I was one of a committee of three appointed by the Speaker to notify Governor Merriam formally that our labors were ended. He received us smilingly in his office at 2 o'clock in the morning and praised the work of the session very highly. It was also my pleasure to be on the committee which on Wednesday formally notified Governor Merriam that the Assembly had opened its session. The best of feeling prevailed between Governor Merriam and members of the Assembly and Senate."

Arrange An Interesting Program For The Children's Dramatic Guild; Three Rehearsals Are Scheduled

AN interesting program is outlined for the coming months by the director of the Children's Dramatic Guild. Rehearsals are so arranged that no child will be overtaxed during the school season. At the present time there will be one rehearsal of "The Mysterious Princess," and one of "The Three Blue Moles," each week, with an occasional after-schooling rehearsal of "The Magic Key" on Saturday mornings.

Poetry classes are held on Mondays and Tuesdays. The

chorus will also meet on Tuesdays.

Two interesting features for the coming winter will be talks by Sir Alan MacDonald, of Pasadena, and Glen Turner of Los Angeles. Sir Alan is a traveler and lecturer of international reputation. He met a number of the children at the Carmelita Gardens reception last Sunday and offered to tell them stories of the children from other lands. Mr. Turner has charge of the dramatics in Wilshire Methodist Church in Los Angeles and will speak on the value of early dramatic training.

The director of the guild is sorry to announce that on account of limited time all children wishing to join the guild must place their names on the waiting list. At the last presentation of "The Magic Key" an appeal was made to the citizens of Sierra Madre to support the work of the guild. Adequate quarters for presentation purposes are needed, and the growing costume department requires storage space. The guild operates entirely without funds other than the ten-cent a month dues of the members, and an occasional gift, or collection from a benefit. If you feel that such an organization is of value to your community, prove it by offering assistance through cash donations, costume materials, or housing room.

The topic of the meeting was the "Problem of Race Prejudice," and was led by Marion Daily. Plans were made for the installation service, to be held at the home of Rev. and Mrs. Arthur O. Pritchard next Sunday evening at 6:30 o'clock.

Lost Animal Pool

Derall Zabell's Jersey cow, who is supposed to make her haymow residence at 630 Manzanita avenue, roamed afield Sunday to add to the woes of Arcadia's chief of police, I. L. Hollowell. Zabell reported the absence of his cow to the out of town police department, which already was on the lookout for a black and white pony, two rabbits and a burrow.

Part-time employment for new students is still available at the University of Southern California through FERA appropriations it was announced by Dr. Frank C. Touton, vice-president of USC in charge of FERA projects on the campus.

"Work for approximately 400 students, who otherwise would be unable to attend the university, has been made possible this year at USC by the FERA," states Dr. Touton. "Under the terms of the appropriation, one-half of the number employed must be new students who were not in attendance last year. Quotas for returning students have been filled, but positions still are open for entering freshmen or graduate students."

NO TROUT FOR ANYONE

—McMILLAN HAD HIS

Back on the job again after two weeks of sport in the Tioga Pass region of the High Sierra, Chief of Police Gordon McMillan sets himself up as the town's most unique vacationist.

"Most people," the Chief points out, "have to rest up for a week after each two weeks of recreation. Not me! I go on a vacation for a vacation, and when I get back home I feel great."

This statement, however, is thought to be mere subterfuge to cover up reference to the fact that the McMillans failed to bring back any trout. "But we had enough to eat," he insists.

FAMED BALLETS ARE DUE IN PASADENA

Fire Flames

By One of the Boys

THE much "touted" big parade at Pasadena is over and the boys brought home the bacon in the shape of first prize in the third division. The prize consisted of a beautiful flag and much praise from the Pasadena men for our interest in the efforts to entertain the visiting Fire Chiefs. The regular meeting on the following evening was minus a lot of the usual pep and vinegar, due to the march. Louie's red shorts caused him a lot of grief, as he wanted very much to take them home. He was unable to find them when it was time for him to go home, and at daybreak passersby wondered if the City Hall had turned "Red" for high on the flag pole the shorts were waving.

A fire call last Monday brought out many, many cars as well as firemen. In fact there were so many cars along Grand View avenue that some of the firemen had great trouble getting thru. Not only were the cars going to the fire, but at places, they were in double line, making it impossible for a fireman's car to get by. This is the first fire call in a long time, but that is no reason for people to crowd the fire trucks as they did. The fire department urge people to keep the crossings clear and to stay away from the trucks.

The only reason that Sierra Madre is not visited by more fires is because the people of the town have become "fire conscious," and this can be the result of the firemen's continuous efforts to prevent fire by the many methods we use. We talk and write fire prevention until, we feel that the people who live here any length of time, soon become to realize the danger. We must continue with the fire prevention propaganda or we might all get careless. Many new people arrive here yearly, and if they happen to come from eastern states where fire prevention is not stressed, they must be continuously reminded of the danger here.

Let's keep the Fires Out.

Urge Public Attend Installation Of Legion Auxiliary

By Minnie Stinman

INSTALLATION of Senior and Junior officers of Unit 297 of the American Legion Auxiliary will be held at the Woman's Clubhouse on Thursday, September 17, at 8 p.m. Mrs. Laura Smithson will be the installing officer. The Alhambra Drill Team will be in charge, as they were last year. A patriotic program is

being prepared, and an excellent speaker will make the address. The public is invited.

We wish every loyal, patriotic American citizen in the city to come and witness the ceremony of installation of Auxiliary officers, hear the charge given each officer and the obligation laid upon them. This is a service organization, not merely a social club. We strive for the betterment of community, State and Nation.

The purposes for which we are organized pledge us to uphold and

defend the Constitution of the United States of America, to maintain law and order, to foster and perpetuate a 100 per cent Americanism, to inculcate a sense of individual obligation to the community, State and Nation, and to safeguard and transmit to posterity the principles of justice, freedom and democracy.

The officers, on taking their respective stations, assume heavy responsibilities. They face a difficult year, and need all the support and encouragement you can give them.

ONE WORD Worth Millions to Citrus Growers

"Sunkist" has earned and held the confidence of buyers

"Sunkist," trademark of the Exchange, virtually means citrus fruits to the generation that has grown up in America during the last quarter-century.

Unceasingly since 1908, Sunkist advertising has told the consumer new ways to use citrus fruits, new reasons for using them—and why the Sunkist brand is an assurance of dependable quality.

And the public has not been disappointed. Careful grading has earned a confidence

which results in a readier demand for Sunkist fruit at the best market price.

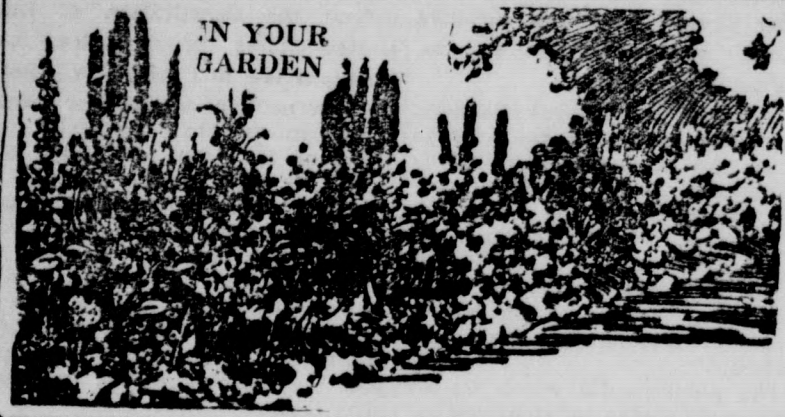

The trade shares this preference. Sound sales policies and more rapid turnover are the reasons.

Thus this single word is worth millions to citrus growers. "Sunkist" on the skin or wrapper of an orange, lemon or grapefruit increases its value to trade and public—and the return it brings its grower.

FLOWERING SHADE TREES

By Jessie Ward Russell
Landscape Gardener

ACACIA BAILEYANA is a quick-growing shade tree with fernlike silvery-grey foliage. Fragrant, yellow bloom in winter. Flowers are clusters or sprays of small fluffy balls. This tree thrives in dry, hot situations. It should be irrigated but not constantly sprinkled such as it would be if planted in a lawn. Acacia Dealbata has foliage somewhat like the above but the foliage is larger and the tree grows taller. The yellow blooms come about a month later than the Acacia Baileyana variety. The tree is very fast growing.

The Jacaranda is a well known tree here in Sierra Madre, much used for street-tree planting. It will grow in either dry places or in a lawn. The foliage is dark-green and fernlike. Just before the bloom comes out, the foliage drops so that the tree is covered with the beautiful lavender-blue flowers and looks like a monster bouquet.

There are several varieties of Flowering Eucalyptus but the most showy one is Eucalyptus Fictifolia, called the red flowering Eucalyptus. But they are not always red. They come in all shades of rose pink, orange-red and cerise, crimson, scarlet and dark red. As they are propagated from seed only, you cannot tell what color you will get until they come into bloom. However, they are all very handsome. The tree is compact in growth and hardly ever makes a large tree.

Impress Townsfolk With Danger That Lurks In The Hills

In order that Sierra Madreans may keep informed daily of the forest fire menace and the number of blazes continually raging in California mountain areas, Lee Johnson, district fire patrolman, has posted a chart in the front of the City Hall which depicts current forest conditions.

Marked with red-headed pins, each fire is described and the cause emphasized. In the ten day period from September 4 to 14, there were seven fires burning in the northern portion of the State, with careless campers and cigarette smokers at the head of the list of malefactors.

It was revealed by Fire Chief W. D. Richards recently that the cost of the local volunteer department to the taxpayers is far below that of other Southern California cities. The cost for fire protection in this city is less than the increase added to Altadena taxpayers' obligation since last year. It cost Altadena \$30,701 for fire protection in 1933-34, while the late budget allows \$33,699 for the same purpose.

The local parallel to these figures on this year's budget is \$2,970, including both firemen's salaries and maintenance.

MANY NOTED DRIVERS TO APPEAR AT ASCOT

The influx of noted eastern drivers will result in the greatest array of driving talent for the winter season in the history of the track, according to Legion Ascot speedway officials.

During the past few months the drivers have been enjoying a big summer season in the east and in the meantime Ascot speedway has been the scene of some very keen competition and a host of younger drivers have come to the force. It is predicted that within a month's time there will be between sixty and seventy mounts available at the Los Angeles oval and well over a hundred drivers to drive them.

Among those who have been campaigning in the east and will be ready to show at Ascot within the next two weeks are Kelly Pettilo and Louie Webb, both of whom went east to compete in events at Springfield and Syracuse. Al Gordon, last year's Pacific Coast champion, and Babe Stapp are also headed for the coast.

The night racing season will probably continue through the month of September and for two weeks during October, a race being held every Wednesday night.

HOME GARDENING CLASS TO RESUME

The San Gabriel Valley class in Home Gardening will begin its sessions for the fall term on Tuesday evening, September 25, at 7:15 p.m. This is one of the evening classes meeting in the Monrovia-Arcadia-Duarte High School, on Orange avenue, Monrovia, and is under the direction of George H. Jackson. Everyone interested in plants and gardens in neighboring communities is invited to join this class, as there are no restrictions on residence and no fees or charges.

Some subjects for early meetings will be: "Sowing Small Flower Seeds," "Planting Sweet Peas," "Planting, Pruning, Fertilizing Roses for Fall Flowers," "Preparing Hedges and Lawns for Winter," "Budding Avocados," "Fall Bedding Plants."

LOCAL WOMAN TO EXPLAIN FEDERAL HOUSING PLAN

Acting upon the recommendation of R. A. Swinnerton, Regional Director of the Federal Housing Administration, George T. Van der Hoeft, assistant chief of the Speaker and Radio Bureau, Washington, D.C., has asked Mrs. R. O. Calkin, of this city, to be one of the speakers on a campaign for the purpose of explaining what the Federal Housing Plan is. She has accepted and engagements will be furnished her from time to time.

Nearly Nude Fire
Fighters Cop Prize
In Chiefs Pageant

Wives blushed, strangers swooned in embarrassment, the Pasadena newspapers curled up in mortification and refused to comment—but the Sierra Madre volunteer fire fighters came back home Thursday with the bacon just the same.

"Dressed" in vari-colored shorts, and boots, together with fire helmets, the local firemen competed in the fire chiefs' convention parade in Pasadena, and were awarded the first prize pennant for their humorous sartorial efforts.

During the parade the "nudists" gave a continuous burlesque performance of how fires should be put out. This was accomplished by means of small water tanks strapped to their backs. Various bystanders, as well as Pasadena's Fire Chief Coops, found themselves in line with the streams when they made facetious remarks which were taken to heart by the firemen.

FIREMEN HOME FROM
STATE CONVENTION

Four Sierra Madre fire officials returned home late last night from a week's stay in Santa Cruz where they attended the State Firemen's Association convention. The older boys and girls, sixth grade pupils of Miss Florence Lusted, have on exhibit a realistic Mesopotamian jungle scene, with clay and paper-mache prehistoric animals that do justice to the children's imagination and their ability to carry out their ideas in a practical manner.
